

FILLING HOSE / WAŻ

This diagram illustrates the components of a high-pressure hose assembly. The main assembly consists of a blue hose (1) with a black braided reinforcement layer (2). The hose is connected to a metal fitting (3) which includes a threaded section (4) and a flange (5). A detailed exploded view of the fitting assembly is shown at the bottom left, highlighting the following components: the fitting body (6), a seal ring (7), a seal ring (8), a seal ring (9), a seal ring (10), and a seal ring (11). The diagram is labeled with numbers 1 through 10, indicating the specific parts and their assembly sequence.
